PRODUCT DESCRIPTION:

MARBLE DUST is a brilliant white, selectively controlled screened marble for use as a cementitious aggregate. It is also used in acid neutralization and as a calcium additive to animal feeds.

USES:

- ▶ Swimming pool plasters
- ▶ Glass block mortars
- ▶ White cementitious materials

ADVANTAGES:

- ▶ Brilliant white
- ▶ Controlled screening of product
- ▶ Helps achieve pastel colors when using Rainbow Cement Color

INSTALLATION:

Mixing:

Mix with Portland Cement or other cementitious materials as an aggregate replacement where a white color is desirable.

Placement:

Placement of material is the same as if another aggregate was used.

Curing:

Curing of material is the same as if another aggregate was used.

Packaging:

Fine Grade is available in 50 lb. multiwall paper bags with moisture barrier. Course Grade is available in 80 lb. multiwall paper bags with moisture barrier.

Color:

White

TECHNICAL DATA:

Specific Gravity 2.71
Dry Brighteners 82
Bulk Density 90-95 lbs. / cu. ft

CAUTION:

Dust or powder may irritate eyes and skin. If ingested may cause temporary irritation of the throat, stomach and gastrointestinal tract. **Keep Out Of Reach Of Children.**

WARRANTY:

Due to the use of this product beyond our control, we assume no liability for damages of any kind, and the user accepts the product "as is" and without warranties, expressed or implied, from either Empire Blended Products or its agents. The suitability of the product for an intended use shall be solely up to the user. Our only obligation shall be to replace or pay for any material proved defective, with our liability limited to the purchase price of materials supplied by us.
